

Volunteering Day - Technical & Commercial Team 15th October 2021

"THANK YOU for everything the volunteers did on the day; it was AMAZING."

~ St. Mary's Catholic Primary School

We had our Volunteering day at St. Mary's Catholic Primary School in Chiswick on 15th of October. Activities included - installing a shed, garden clearing and weeding, pruning, digging over vegetable beds, big rubbish clearance and sweeping the garden grounds.

Going back to school was working hard but fun and we were touched by the great appreciation of the children and teachers!
