

## SUMMER TERM STEAM SESSIONS

### SCIENCE, TECHNOLOGY, ENGINEERING, ARTS & MATHS

This term we will be running Little STEAMers sessions to give children the chance to explore the STEAM subjects with hands-on and fun activities.

Here's some more information on what we'll be learning about and some ways you can get involved at home.

#### OUR STEAM TOPICS THIS TERM

- Pitch Perfect
- Body Buddies (our bodies)
- Boat Builders (science of floating)
- Coding Playmates (coding practice)
- How Much Space? (capacity and volume)
- Rainbow Hunters
- Under the Sea
- Pulley Me Up (engineering pulleys)
- Summer STEAM (outdoor projects)
- Flying Fun

#### LEARNING MORE AT HOME

- Talk to your children about what they've been learning and how things worked.
- Try some of the activities together again at home.
- Try another Little STEAMers class online at [littlesteamers.co.uk](http://littlesteamers.co.uk). Our parents get 50% off monthly Little STEAMers Club membership - email below to redeem.
